

## **LOCAL GOVERNMENT SERVICE GROUP EXECUTIVE – NOMINATION**

### **GENERAL SEAT**

#### **JULIE WYNN – MEMBERSHIP NUMBER 1282988**

My name is Julie Wynn and I am asking for your support in the Local Government Service Group Executive for a second term.

I have worked in Local government for over twenty five years and I am passionate about the need for UNISON to protect our public services and to protect the jobs and terms and conditions of our members. I am a former Nalگو member and have been a member of UNISON since its inception and have been active in both my former and current branch (Durham County Unison) where I am Branch Chairperson.

I witnessed the decimation of our public services by the Conservatives in the late 1970's/early 80's and now we find ourselves in the fight of our life.

This CONDEM government with its ideological policies is making a concerted attack on the public sector, they are trying to persuade the public that our public services are flawed, costly and inefficient – manipulating the argument that the banking crisis was to blame for our economic crisis – we must STOP them.

If elected I promise to work on your behalf and fight this onslaught particularly around;

- Privatisation, mutuals and social enterprises
- Income equality and the pay gap
- Keeping public sector jobs
- Fighting for your pay rise and resisting regional pay
- Ensuring we negotiate to get the best possible deal for your pension

Thank you for you for your time.

Regards

Julie Wynn
